

Wide range application fast locking connector

BD-24 series power and signal waterproof connectors can be used alone or fixed together to provide solutions for different industries equipment connection. Such as audio-visual equipment, medical equipment, industrial control, testing and measurement Equipment, AV system, broadcast television and communication industry and other fields. Suitable for connection of equipment installed in front and behind the board.

Product application:

Power supply: 3pin

Signal: RJ45

Working voltage up to 500V, rated current 25A, optional shielding connector.

• Multi-pin Power Cable Range: ø10.5~ ø12mm • RJ45 series Cable Range: Ø5.5~ Ø7.0mm

• When connecting, the protection level is up to IP67, providing • BD-24 is with screw type connection good electrical protection performance for the equipment.

Multiple protection designs

• Metal /plastic shell design, various choices, perfect for various application scenarios.
